What to expect from the Financial Planning Process?

The right financial advice can protect your lifestyle and shape your future.

Before your adviser provides you with financial planning advice, you will need to agree to the type and scope of advice to be provided, usually in the 'Fact Find' document or a service agreement. In order for your adviser to provide you with personal advice, you need to provide them with detailed information about your current situation, needs, goals and objectives. If you choose not to provide your adviser with this information, any advice they provide may not be appropriate to your needs.

Initial Advice

The first time you receive personal advice and before you invest in a financial product, we need to provide you with a Statement of Advice (SoA). This contains our strategy and product recommendations, the reasons for providing that advice, as well as information about risks, benefits, features and fees payable to help you make an informed decision about proceeding.

If your adviser recommends a particular investment or insurance product to you, they will provide you with the relevant product brochures such as Product Disclosure Statements (PDS) and/or Investor Directed Portfolio Service (IDPS) guides. The PDS / IDPS will provide you with information to enable you to make an informed decision about your investment or whether to acquire a financial product, including information about the key benefits, risks and costs associated with the product. We encourage you to read these documents carefully and to ask your adviser any questions that you might have.

Further Advice

If you need subsequent advice and your circumstances have not changed significantly, further personal advice provided to you will be documented in a Record of Advice (RoA), provided that the basis of the further advice has not changed significantly from the initial advice or previous SoA. An SoA may be required for more significant changes. Copies of each SoA and RoA will be retained on your client file. You may request a copy of these documents from us at any time.

Your instructions

If you decide to act on the advice, you will need to provide your consent to proceed with the advice. This usually means completing a document called an 'Authority to Proceed' to confirm that you understand the advice you have received as well as the benefits, risks and costs associated with the products or services recommended to you. Where personal advice is not provided, we can also act on your verbal or written instructions, we will confirm this over the phone and via email.

How we charge

All advice fees will be discussed and agreed between you and your adviser prior to providing and implementing their services. Any remuneration paid to Finstyle, or your adviser for advice, or by a product provider that relates to an individual financial product recommendation will be disclosed in the advice document provided to you.
